## ASB Pres. Confers With Gov. At Lunch

"College tuition is intended only for the state college level and only for those students who can afford it. Tuition should never be considered on the junior college level." With this statement, Governor Ronald Reagan assured California's junior college student body presidents at a luncheon in Sacramento April 24.

Hartnell ASB president, Tom Dowd, attended the governor's luncheon as did an estimated 60 other state junior college leaders in order to enable Reagan to become better acquainted with the student leaders of the state junior college campuses.

### Reagan for President?

At the Senator Hotel, the students lunched with the governor and members of his advisory staff and had the chance to talk to Reagan during an on-the-record question and answer hour. When asked if he was a candidate for the presidency of the United States, Reagan replied, "No, I am not, however, I am under the opinion that any citizen of the U.S. should be willing to serve for their country if the people want them to."

### Campus Problems

During lunch Reagan and his aides divided up so that there was one staff member to every four ASB presidents at a table. This enabled the groups an opportunity to discuss campus problems. They also met with Special Assistant for Higher Education, Professor Alex Sheriffs.

With Monterey Peninsula College ASB president, Al Viewig, President Dowd visited the state assembly and was present when the controversial marijuana law was discussed and later passed reducing the penalty of possession of pot from a felony to a misdemeanor.

### Scholastic Ratings

The two local college leaders then visited Assemblyman Alan Pattee. Mr. Pattee assured the presidents that he would get in touch with California Superintendent of Education, Max Rafferty, and have him send data on the scholastic ratings of Hartnell and MPC as compared with other state junior colleges.

Pattee, leading the opposition of the International Pop Festival formerly scheduled in Monterey, stated that if MPC could "pull it off," they had his blessing.

## Once A Week Will Do It

Announced by newly-elected commissioner of cultural activities, Wally Drabik, Hartnell students will have the opportunity to hear themselves once a week on radio. Bud Zimmerman, manager of KERR Radio, Salinas, is giving Hartnell 15 minutes a week for Hartnell and student affairs.

"With Hartnell Week coming up, I believe that our first radio

broadcast will be given then. Announcement of the various activities for the week will be announced to the public by Hartnell students," explained Drabik.

A committee will be formed to go through ideas for program format. All submitted ideas will be welcomed, with a variety needed. Submissions may be left in the commission office.

■ "AND THIS IS THE WAY TO DO IT," coaches Mr. Hal Ulrici, Hartnell drama teacher. Mr. Ulrici along with Cheryl Pemberton (left) and Randy Dobbs (middle) are shown here working hard during one of the rehearsals for the upcoming melodrama to be presented during Hartnell Week later this month.

■ STANDING BY THE SITE of Hartnell's May 11 Prom are, left to right, Bernie Salgado, Sue Norton, Janet Delorey and Bruce Laurie. The

event, to be held at the Outrigger on Cannery Row in Monterey, is entitled, "Strangers in Paradise."

## SOPH CHRISS FORMS GROUP; JOIN IF CARE

Are you interested in current events, world affairs, the contemporary scene? Would you like to expound on your ideas and find out what other people think about such matters? Then the discussion group being formed on campus would interest you.

The idea for the group was formulated by sophomore Leonard Chriss, who would like to get the discussion group organized soon, so that next year events can move smoothly. Chriss would like to have John Gross, Salinas librarian, to be the advisor for the group.

The group will ideally be composed of six to eight members. Four other students, as well as Chriss, have expressed their desire to become involved. They are Deniz Verardo, Jennie Dennis, David Fischer and Thom Diggins.

If plans go through as expected, the discussion group, as yet without a title or designation, will also be on KSBW-TV and will be televised regularly.

## Surf's Up!

With help and encouragement of faculty member Nathan Koblack, a new club joins the spring listing of Hartnell organizations, newly-elected commissioner Don Hart announced this week.

The new organization is a Surf Club, and is open to all students interested in learning how to surf, or those who might enjoy teaching others.

"The membership of the club," says Hart, "will be both male and female, so all you interested females are more than welcome."

The club has been established to help promote surfing, which "will soon be considered a major sport." The first meeting of the organization will be Tuesday, May 7, in room 4 at 11:00. All students interested are urged to attend. You are promised a swinging summer!

## Theatre Gets Plushy; Ripe Tomato Installed

Activities are never-ending these days for dedicated Theater Arts majors and the like who spend most of their time in the Little Theatre working under the direction of Hal Ulrici.

Redecoration processes are now underway; the formerly faded green interior of the antiquated auditorium has recently been altered under the direction of decorator Clair Young. The theater has been redecorated in plush tomato red, complete with matching drapes. Ulrici plans also on the addition of a red carpet by the opening of the spring

production of "The Torch Bearers."

"The Torch Bearers" will be presented May 24, 25, and June 1 and 2. During the week, sandwiched in between the weekend performances, the Hartnell Drama Club will present its annual Hartnell Week melodrama, entitled this year, "Dora, the Beautiful Dishwasher, or the Heroine Who Cleaned Up."

The final productions of the 1967-68 school year season promise not only the usual excellence and excitement, but also some vivid color to brighten things up.

## NEWS BRIEFS

### MEMORIAL CONTRIBUTION

Hartnell's ASB Commission has donated \$50 to the Roy J. Lanini Scholarship Fund in memory of the late Hartnell agriculture instructor who died in an automobile crash over Easter vacation.

★ ★ ★

### CARDS ON CAMPUS LEGAL

Card playing on Hartnell's campus has been legalized by the ASB Commission. Restricted to the Student Lounge, all types of card games may be played except those involving money and gambling.

★ ★ ★

### HARTNELL WOMEN, UNITE

There will be an important meeting for Hartnell Associated Women Students at 12 noon Monday, May 6. Exciting plans are in the offing. See student bulletin for further information.

★ ★ ★

### FILM SERIES

Films about an unusual love story and of D-Day will be among the films shown this month in

the Hartnell Film Series. On May 2 a classic story "Becket" was shown. The film depicting a story of a king and his bishop will be followed by "David and Lisa" on May 7. This film is concerned with a young mentally retarded couple who have fallen in love.

On May 16, a film recollecting the famous D-Day of World War II will be shown. "The Longest Day" will be that film. "A Thousand Clowns," a story of a non-conformist who conforms will be shown on May 21. These will be among the last movies in the Hartnell Film Series. They will begin at 8:00 on their specified dates.

★ ★ ★

### SURF CLUB DANCE

The newly-formed Surf Club is sponsoring its first dance tomorrow night in the Men's Gym from 9 to 1. Admission is 75c or \$1.50 per couple with ASB card. Shoes are to be soft-soled, and music will be provided by the Purple Wedge.

# Gold Diggings

## Nutty Hershey Bars Reform

Gen. Lewis Hershey, Selective Service Director, has called plans to reform the selective service system "pretty far out." Gen. Hershey prefers the current system of unfair, arbitrary and inconsistent methods of inducting young men into the armed forces.

The Marshall Commission, called by the President some years ago, advocated an end to student deferments, a lottery system of induction, the drafting of 19 year olds first, and the establishment of 300-500 regional draft centers instead of the more than 4000 local boards now in business. Hershey calls this a "Civil War system;" the Civil War was plagued by riots and protests concerning the draft.

Although the reforms sponsored by the Marshall Commission are a bitter pill to swallow, especially to 19 year old students, this system is the only fair way to do it. Of course, we could eliminate the draft altogether, but that is another story.

## Pop Poops Out

Everybody knows that there will be no Pop Festival this year. The official reasons for opposing the festival were the lack of sanitation, the lack of proper housing and the lack of police. Mayor Coyle of Monterey denied that the fact that Monterey didn't make any money had anything to do with her opposition to the Pop Festival. She also denied that politics had anything to do with the festival's rejection by the good citizens of the Peninsula.

Now Monterey Peninsula College wishes to stage a festival similar to the one rejected. This is great, and I would like to see a pop festival this year. However, MPC's festival would involve the same problems that the other would — sanitation, housing and policing. Yet Monterey, Minnie Coyle, Alan Pattee and everyone

else is in favor of this festival.

Why? The only reasons I can think of is 1) Monterey stands to make some money or 2) politics.

# THE RIGHTEOUS WING, OR A KNOTTY PINE SOCIETY

I was in the Student Union the other day when I noticed an extremely attractive young lady slinking along the walls, peeking under tables, and continuously looking over her shoulder. I called her over to where I was sitting and began a discussion on politics.

Sitting with her back to the wall, the pretty co-ed told me that we must be careful, that there was a plot, that he youth of today must save the world, and if we only knew.

As I pressed her for examples, she told me of hundreds of thousands of Red Chinese on the Mexican border, preparing for an invasion of California; of African cannibals in Georgia waiting for the word to destroy the country.

I'm afraid at this point I snickered.

"This is serious. We have proof. Somewhere."

Immediately sobered, I pressed for more details. I learned that President Kennedy and Martin Luther King, Jr. were both Communists and were both shot by Communists before they could be exposed.

My seductive companion then went on to tell me how LBJ has been either killed or captured by the Communists and replaced by a double. And it was the double who told the world he "will not seek, nor . . . accept, the nomination of the Democratic party for the presidency of the United States."

Editor's note: Following the murder of Martin Luther King, Mr. Johnson's English classes wrote essays on the general topic, "How I Can Improve Relations Between Races." Here are two answers.

(From a young woman):

What can I do to help improve the conditions between the races?

Obviously, this was to allow the Commies to get their man (Kennedy? Nixon?) into the White House.

I refused to believe this story, for I had already heard that LBJ was going to cancel the 1968 elections and make himself dictator.

"How could he make himself dictator," I reasoned, "if he is really his double?"

Then my companion explained the Theory of Reversal, where we expect the Commies to do one thing, but they do another, which just proves how sneaky they are and that there really is a plot.

At this, I rose indignantly and sneaked out a side window.

—T.D.

## PANTHER SENTINEL

"Panther Sentinel" is published weekly by the Associated Student Body of Hartnell College, Homestead Avenue, Salinas, Calif. Editorial Office: Room 13. Subscription rate: \$1 per year; 5 cents per copy. The Sentinel is affiliated with the Journalism Association of Junior Colleges. Viewpoints which appear are the responsibility of the editor and staff and do not necessarily reflect the opinion of the ASB, faculty, or Hartnell College.

**BEST PIC OF THE WEEK:** Woody Torres-Gil strikes again. This time he's shot Jud Elking, who is speaking silently to his dog, "Who's Somebody Nobody." Submit your pic to Room 13.

# I Alone Cannot Solve The Problem . . .

I really don't have an answer, for I feel that I have done as much as I possibly can. All that is left is prayer. Instead of violence.

I remember when I was six years old, starting my first year of school. My first year was a challenge and a task! I asked a lot of questions such as "Why do I have to walk past the nearby school to my school across town? Why did I have to leave at 7:30 in the morning and students in the nearby school could leave home at 8:30?"

As I went through school, my questions became stronger. "Why do I have second-hand books? Why can't I go in that church? Or that coffee shop? Why do we have separate days out of school? If the white kids were out one weekend, we had the next."

"Why did we have classrooms in trailers? Why couldn't we have a building?"

All of these questions have one answer: I was black.

Okay, I accepted this, but I couldn't accept inequality. I set out to win. I did everything like the white girl. I gained respect from adults as well as teenagers. I dated. I went to church. I worked in a public library. I stayed away from people and places that brought unfavorable public discussion. I got a high

school diploma.

Next, it was college. Where, when and how were the questions. I didn't find an answer there so I had to leave home. And here I am.

What more can I do except get a college degree and make enough money to get some of the important things I never had? What more can I do?

I talk with my younger sisters; I am trying to convince them to my way. If I convince them, it will be three of us. Not to mention the other Negro girls who feel the way I feel.

What more can I do?

★ ★ ★

(From a young man . . .):

It would be asinine for me to say that I alone can solve the giant problem of improving relations between black people and white people. But there is something I (as well as others of my race) can do; that is, show a little bit more care and love for our Negro brothers.

The little things are what count, and enough of them applied at the right time can make a big difference in the relations between the two races.

To sum up, in order for me to help, I should practice the little things such as love, care and simply being a friend when at all possible.

# PSYCHO PATH

This morning a group of students captured the cafeteria in protest for better food. The idea which was voiced by one of the leaders was "We'll keep them in there until they have to eat their own food. If they don't die first, maybe they will realize that their food isn't fit for a dog."

Later on, a group from the Psychology Department brought a half-starved dog to PROVE that the food was as bad as they said it was. The instructor rang a bell and pushed the dog through the door and watched as he se-

lected a dime from his pocket and bought a Coke. "That's how bad the food really is," exclaimed a long-haired girl who weighed in at about 210 pounds.

The counter-demonstrators rallied around those students that had taken over the cafeteria in protest to the protestors. The ladies in white, the administration, and LBJ felt that his trivial problem would blow over like he war in Vietnam.

Not many people realized that we were served war surplus food; except those who found a grenade in their soup or had their fortune cookies written in Japanese reading "Remember Pearl Harbor!"

Police stood guard on the outskirts of the campus to keep demonstrators from entering or leaving. As the day progressed, hundreds of students sat on the lawn chewing the fat from yesterday's lunch, while members of the faculty reported broken teeth from the peanut butter and jelly sandwiches.

Demonstrators were questioned WHY they were protesting against the cafeteria by on-the-spot reporters Klark Kluck and Lois Laid, wild-mannerly reporters from the Daily Transplant. One soulful looking male student gave his story of eating the chicken soup and having the feathers tickle his throat. Now isn't that foul? Meanwhile, a rather degenerate looking girl explained it by saying, "The other day we had pot luck, and I found a roach in mine." She is in the process of writing a second series of HOW TO books which will consist of 1001 ways to enjoy hash. Rumor has it that the demonstrations began when a freshman was assaulted by his plate of spaghetti which was finally subdued by Coach Adams with a karate chop.

## LITTLE MAN ON CAMPUS

■ **HISTORIC PHOTO** registers the drama of the first-ever activities book crossing the finish line this week as editor Karen Nonnecke wraps up the pages with the help of Joe Ramos, layout specialist. Assistant editor and photographer Yun Wong records the moment for posterity. Lucky students will see themselves on campus, en famille, en masse about the first of June.

## Hart Week Ain't Weak

Hartnell Week, May 17-26, will be a fun-packed time with activities for everyone and will enable students to become more active in the opportunities their college provides for them. Beginning with the AMS Carnival Friday night, May 17, and a dance immediately following, the George Duke Trio will perform Saturday, May 18, and a box lunch social sponsored by AWS is tentatively set for Sunday, May 19.

Monday night, May 20, is the Awards Banquet. Tuesday's Col-

lege Hour will feature the annual Fashion Show and that evening there will be a free movie in the Student Lounge showing "One Thousand Clowns." May 22 is the day for the talent show performance that was presented in March for the Fort Ord hospital. May 22-24 brings the drama department's melodrama.

The night of May 24 there will be a Commission vs. Hartnell faculty basketball game with the commission women faking it as cheerleaders, under the excellent direction of Janet Delorey, head yell leader. This will be followed by a dance in the Men's Gym.

Saturday night, May 25, will feature the San Francisco Symphony. Last, but not least, Hartnell College Community Chorus will perform Sunday, May 26, bringing a close to Hartnell Week.

## Carnival . . . Kissing Booth At Hartnell?

With Hartnell Week creeping up, various clubs on campus are getting prepared for the AMS sponsored carnival which will start out the fun and frolicked week.

Headed by Bernie Salgado, AMS president and advisor Coach Regli, the carnival will be held May 17 in the inner-court between the library and main hall. It will begin at noon and come to a halt at 9:00 that evening when a dance will take place, sponsored by the Surf Club.

Clubs already signed up for carnival booths are AMS, square game; Rooters' Club and cheer-songleaders, wheel of fortune; Alpha Gamma Sigma, undecided; Rodeo and Riding Club, undecided; and Young Farmers, kissing (???) booth.

"The last couple of years, Hartnell Week didn't have a carnival. This was because of the lack of members in AMS. I feel the carnival should be an annual affair sponsored by AMS. Since this will start out Hartnell Week, I hope the entire community, as well as Hartnell students, will come out and enjoy themselves. I'm still wondering if the Young Farmers WILL HAVE A KISSING BOOTH?" explained Salgado.

Taking a look into the Monterey Bay League baseball standings Soquel High School is on top of the league with a 6-2 mark with arch rival Santa Cruz close behind with a record of 4-2. North Salinas and Watsonville have 2-5 records with Seaside vacating the cellar with a 1-6 mark.

## 14 Going on 19

# WHAT'S IN A JAR OR TANK? GLUE AND GAS CREATE HIGHS

By Joan Sigala

Born and raised in Salinas, 19-year-old Marine, John (last name withheld) began his experiencing of drugs at the age of 14.

"Sniffing glue and gas were my very first high. I was 14 years old then. I lived in a neighborhood which consisted of about ten boys my age and older. We all did it and thought it was kicks," explained John.

### Influencing Influences

At 14, John attended a local junior high school in Salinas. Suspension was brought upon him, though, as he began getting into fights at school. He took up smoking and it wasn't too soon that he was being influenced by an older group of boys. He hung around with them during the time that his friends were in classes. (The older group were 19 and over and were not attending school any longer).

"Being influenced by these older guys, I guess I was the one who influenced the guys my own age. We were sniffing glue and gas almost every night for a long time."

### Parents' Reaction

When asked how his parents felt towards his new fling, John replied, "I don't think my parents knew I did it. I do know that

they would've been very hurt if they did know. They were hurt bad enough when they caught me smoking. They didn't demand that I stop. They just explained to me the faults in smoking and let me decide for myself if I were to quit. To my worst judgment, I continued."

### Not Too Groovy

John didn't begin drinking until he was 15 years old. His first experience didn't turn out as groovy as he thought it would. He was sick the next day, his parents gave him hell, and they had lost trust in him.

### His First Joint

"When I was 16 I attended a continuation school in town. I couldn't get into any of the local high schools because of my long and bad record in fighting at school." Having very little interest in the new type of school, John quit. He obtained a job working in a shed. It was at a party when he took his first drag of a marijuana cigarette.

"I didn't get any kick out of it at first, but as I kept taking those drags, I began to feel the stimulation. I really liked it."

### Acid Out-of-Sight

He became a regular user of marijuana since then and it was shortly afterwards when LSD was being experienced.

"Wow! That stuff was really unbelievable. I guess that's why I am so fascinated by it. I really

believe that acid should be experienced by everyone, young and old, at least once in their lives. The only precaution I recommend is not to take too much. A bad trip is hard to snap out of. I was at a party one time where everyone was smoking pot and dropping acid. A friend of mine dropped a little more than he could take and his freak-out stayed with him for many months. I've been a little weary of acid since."

### No Depressants

Curious of what the stronger and more dangerous drugs could do, John tried them. Finding that the others were more like a depressant than a stimulant, he stuck to pot and acid.

### Sales Clerk?

"I began going to the city a lot to buy the stuff. Selling it was another thing I started. I think I sold more than I used."

By the time John was 18, he was getting kind of nervous. Approximately one-half of his friends were getting picked up for narcotics. John cooled it. He joined the Marines and he explained that he hasn't had a "joint" for five months now.

### Drop in Disneyland

"I did drop some acid though. I had a weekend leave and being not too far from Disneyland, I got lost in "It's a Small World" with my trip. That was a month ago. I still think it's out of sight."

## PANTHER PROWLs

### Man Vs. Machine

From the El Gaucho word comes to us that the battle between man and machine is still in process. It appears that computers will be handling the scheduling of classes in the future. The computer "claims" that it will take less than a week to process the enrolling students.

### Suspended Paper

The student newspaper "Olympian" from Mesa College has been suspended. It has been noted that lack of funds or more possibly agitation from the "controversial content" of the paper was the cause of its death.

### Poor People's Concert

At Santa Barbara City College a Poor People's Concert is in the making. On May 5, the concert will be held to raise medical supplies, food and money to be sent to the Southern Christian Leadership Conference's Poor People's March on Washington.

### Someone's Having An Affair

The twelfth annual Word Affairs Day will be held at Los Angeles Pierce College on Saturday, May 4. The theme for this conference is "The American Image Around the World." Guest speakers, lectures, and panels on various topics will highlight the day.

## A Medical Answer For MUSCULAR Low Back Pain

Promptly Relieves Pain  
So Stiff Muscles Loosen Up and  
You're Back Into Action

DOCTORS who specialize in back troubles report most aching backs are due to weak, tense muscles which can go into painful spasm as you suddenly bend, stretch or twist. To relieve such backache doctors recommend the pain-relief compound in Anacin® Analgesic Tablets. And Anacin gives you more of this medication than any other leading tablet.

Anacin is a special fortified formula. It promptly relieves pain, helps reduce swollen tissues, and so releases pressure on sensitive back nerves. Then notice how stiff muscles loosen up and you move around with greater ease.

Only Anacin has this special fortified formula. It's not found in any other product. See if Anacin's exclusive formula doesn't work better for you.

## EUSTICE & CO. VS MPC IN FINAL

### Harts Travel to M.P.C.

Hartnell's baseball team will close its baseball season tomorrow as the Panthers travel to M.P.C. and play the last place Lobos. Game time is set for 1 p.m. In their last meeting Hartnell defeated M.P.C. At press time M.P.C. was supporting an 0-14 conference record, with Hartnell playing .500 ball at 7-7.

### Harts Pound West Valley

Len Guzman picked up his second conference victory as Hartnell pounded West Valley 12-0 on West Valley's home diamond last Thursday. Guzman helped his own cause as the little right hander from Fresno homered over the 380 marker in left field to put Hartnell on top 1-0 where they stayed throughout the game. Hartnell collected 17 base hits with 8 of those hits going for extra bases. Shortstop Jimbo Jensen collected two doubles, Wayne Hopper tore apart West Valley a double and home run driving for two doubles, Len Guzman had in three runs, left fielder Joe Balgua went 3 for 4 including a double, Adam Real made his debut at third base playing errorless ball at the hot corner. The 5 foot 10 inch Guzman scattered 10 hits (all of those hits were singles) in nine frames of play.

### Harts Edge Solano

Hartnell's baseball team evened up their conference record at 7-7 as they used a trio of pitchers in defeating Solano 10-9. Bob Caloca started the game but was removed in the fourth inning as it seemed he couldn't find the corners of the plate. Bud Newman came in and picked up his second victory in conference action but he also needed help from fireman Lee Boles, as Boles got out of a bases loaded jam without any harm. Solano picked up four quick runs in the top of the second with Hartnell coming back with six big runs in the bottom of the third inning. Solano came back with three runs in the fourth inning, taking the lead 7-6 but Hartnell scored two runs in the bottom of the fourth and two in the fifth, taking a 10-7 lead. Solano scored two runs in the eighth but that wasn't quite enough as the final score showed Hartnell on top, 10-9.

Third baseman Chico (Da' Bull) Real led the Hartnell attack with two doubles and a single, driving in three runs. Aiding the Hartnell 11-hit attack were: Ray Costa (2b) 2 for 4; Wayne Hopper (rf) 2 for 4; Joe Balgua (lf) 2 for 5, one double; and Jimmy Jensen's fancy glove work.

Top hitters for the Solano nine included: Tim Lahalinli (3b) 2 for 5; (pinch hitter) Pat Day, 1 for 1; Ted Silva (lf) 1 for 2, two runs batted in. With this loss Solano evened their record at 6-6, putting them in a tie for third place with Hartnell.

### Harts Nip Gavilan

Hartnell's baseball team defeated Gavilan 4-1 in a conference game Tuesday as Len Guzman and Gavilan's starter Harry Miller were locked up in a tight pitching duel. It was 1-1 going to the

top of the ninth inning when Hartnell's Mark Foster started it off with a walk, Kazio Dydzysko then hit a grounder to the shortstop with no play being made, putting runners on first and second. Ray Costa then lined one to left center scoring Foster and sending Dydzysko to third. Costa promptly stole second base with Dydzysko holding on third base. Jim Jensen laid down a perfect squeeze bunt scoring Dydzysko and Costa came home all the way from second base as the out was being recorded at first. With the final score showing 4-1 this marked Hartnell's conference record at 8-7 and an overall record of 16-12-2. Len Guzman, the talented righthander, struck out nine Gavilan batsmen, while allowing four hits. Guzman's opponent Miller only allowed five hits, striking out 11.

Guzman's conference record is 3-0, Len has pitched 37 innings, allowed two earned runs, struck out 27, walked five, and has an ERA of 0.41.

In other conference action La-

ney defeated DeAnza 4-2, putting Laney's record at 11-3 with DeAnza supporting a 10-4 mark. Both teams have two games left.

## Cindermen Set For Saturday

Saturday was a long day for the Hartnell track team, but when it was over Hartnell placed fourth in the small school division of the Northern California Relays held at Foothill College in Los Altos.

First place went to Allan Hancock College, second place went to Sierra, third to Reedley, and Hartnell followed.

Hartnell had three second place finishers as Ray Janifer cleared 6-4 in the high jump, John Jones ran the high hurdles in 15.6, and jumper Jim Carranza long jumped 22-4. Rich Beard picked up a third place in the high jump with a mark of 6-3.

Hartnell's two-mile relay team took fourth place, Billy Bell, Dick Peters, Jerry McDonald, Byron Bradford made up the two-mile relay team while Tom Aguinaga, Tom Rowland, Ed Burpo, and Rich Smith ran the mile in 3:24.3 to take third place.

Hartnell's next track meet will be tomorrow as they will be participating in the Coast Conference Championships which will be held at West Valley College with field events slated to start at 12 noon.

Here are some of the best marks up to date in Hartnell track events: 100 yard dash, Rich Smith, 9.9; 220, Smith, 23.0; 440, Smith, 52.8; mile, Billy Bell, 4:34.7; two mile, Bell, 10:01.3; high hurdles, John Jones, 15.6; high jump, Rich Beard, 6-6; pole vault, Don Wells, 14-6; triple jump, Nestor Albano, 40-9; shot put, Darwin Simmons, 42-8; 880, Jerry McDonald, 2:01.2.

## SPORTS SCOOPS

Taking a look at last week's city track meet between Salinas, North High, Alisal, and Palma, there were a couple of records broken. North Salinas sprinter John Soliven broke Bob Echeveria's 1967 10.2 100 as he ran it in 10.1 with Alisal's Calvin Lee in a close 10.2.

Alisal's Bob Echeveria won the shot put event with a 49-10½ effort to set a new record in that category. Dave Garibay set a new record in the pole vault as the young Palma lad pole vaulted to an altitude of 13-1, setting a new record.

In the Northern California swimming championships held last week at DeAnza, Hugh Rathbon and Christy Hartsell were

two qualifiers from Hartnell that made it. Christy finished 10th in the 200 yard breast stroke, while Hugh Rathbon finished eighth in the 100 fly and tenth in the 200 fly.

Hartnell's baseball team has a 7-7 conference record, 8-5 non-conference record, and a combined record of 15 wins, 12 losses and 2 ties. Taking a look at top Hartnell batsmen in conference action, Adan (Yogi) Real is batting a cool .429; Joe Balgua, .367; Chico Real, .364; Lee Boles, .348, and George Newman, .296. Right fielder Wayne Hopper is the team leader in runs batted in with 11, leads in stolen bases with 6, and in runs scored with 17.

In non-conference action Hopper is the batting leader, hitting a respectable .400, with Chico Real not far behind with a mark of .322.

Left fielder Bill Borofka is the home run leader on the club with 2, and leads in RBI's with 11. Other non-conference leaders are: Wayne Hopper, 5 doubles; Wayne Farrell, 6 stolen bases; Bud Newman, most walks with 11.

In the pitching department Hartnell's Len Guzman is the club's ERA king as Len has pitched 28 innings, allowed one earned run, and with his ERA of 0.29 he is certainly leading the league. Len also has a record of 2-0 in conference action. Right handed fireballer Lee Boles is leading the Hartnell pitchers in strikeouts in conference action with a total of 40 in 39 innings.

It looks as though Mel Gray, a Ft. Scott, Kan., freshman, has turned in a 9.4 100-yard dash while Mike Turko of Northeastern Colorado also turned in the same feat.

National JC long jump leader Marion Anderson (Contra Costa) upped his 24-6 with a great series of long jumps over 24 feet in a Golden Gate Conference dual meet against College of San Mateo last Saturday.

He jumped 24-0 on his first attempt and then passed until the finals where he did 24-8¾, 24-3¾, 24½. Contra Costa won the meet, 83-53, to take its first track title in the school's history.

## HARTS CLOSE NET SEASON

Closing out a fine year of tennis, the Hartnell tennis team trounced the Monterey Lobos by a one-sided 6-1 score. Coach Tony Teresa is very content with this year's team and is happy with their 8-3 record for the year. Although the year is through there still is a lot of tennis ahead. This Friday and Saturday is the Coast Conference championship tournament. The following weekend is the big Regional Tournament to be held in San Francisco and with some really good playing, a Hartnell man may see action May 18 in Grossmont, California, for the State Tournament. The school congratulates the Hart netters for a fine season and we wish you luck for the up and coming tournaments.

Here are the results of the Monterey match:

### Singles

Williams, M, def. Golomeic, H, 7-5, 3-6, 6-4; Sanchez, H, def. Crane, M, 6-4, 6-3; Mammen, H, def. Franklin, M, 6-4, 6-1; Alamo, H, def. Bantay, M, 6-3, 6-1; Miller, H, won by forfeit.

### Doubles

Golomeic and Sanchez def. Williams and Crane, 6-2, 6-1; Mammen and Alamo def. Franklin and Bantay, 6-0, 6-1.

## SPORTS SHORTS

How well do you know your baseball?

1. What club has produced four straight league batting champions? 2. When was baseball's first night game? 3. What's the most pinch-hits during one season? 4. What's the record for most consecutive games played? 5. When was baseball's pitching distance set at 60 feet 6 inches? 6. What's the home run record for a rookie? 7. What's the most assists by an outfielder in one season? 8. What does "hitting for the cycle mean? 9. Has there ever been a left-handed shortstop in the majors? 10. What pitchers have won both Most Valuable Player and Cy Young Awards?

### Answers

1. Pittsburgh Pirates: Roberto Clemente, 1964-65-67; Matty Alou, 1966. 2. May 24, 1935, in Cincinnati (Reds vs. Phillies). 3. Dave Philley made 24 pinch hits for the Orioles in 1961. 4. 2130, by Lou Gehrig, 1925-39. 5. 1893. 6. 38, by Wally Berger, 1930 Boston Braves, and Frank Robinson, 1956 Reds. 7. 44, by Chuck Klein, 1930 Phillies. 8. Getting a single, double, triple and homer in the same game. 9. Five in antiquity, none since 1900. 10. Don Newcombe, 1946; Sandy Koufax, 1963.

It looks as though MPC's baseball team is suffering from too many losses in conference action. MPC has a record of 0-15 going into today's game against Hartnell. First baseman Mike Martorella is the Lobo's chief threat as the left handed swinger has five home runs in conference action.

■ RESTING UP for tomorrow's big meet at West Valley are (front row, l. to r.) Gene Wun, Sonny Wun, Tim Kolofor, Dick Cominos, Richard Boyer; (second row) Richard Villegas, Tim Doolley, Dave Silitz, Ron Svjeda, Jerry McDonald,

Billy Bell, Ray Janifer; (third row) Ed Burpo, Don Wells, Steve Campbell, Jim Carranza, Gene Guzman, Nestor Albano, Ron Fabros, Brian Bradford; (last row) Butch Simmons, Rich Beard, Rich Smith, Tom Rowland, Coach Ed Adams.
